## SSAIB Statement of Impartiality

SSAIB holds accreditation issued by the United Kingdom Accreditation Service (UKAS)

Accreditation by UKAS demonstrates the competence, impartiality, and performance capability of conformity assessment providers such as SSAIB. Like the SSAIB, UKAS is a non-profit-distributing private company, limited by guarantee. UKAS is independent of Government but is appointed as the national accreditation body under the UK Accreditation Regulations 2009(SI No 3155/2009) for the purposes of Article 4(1) of RAMS (Regulation (EC) 765/2008, as amended and has effect in Great Britain). UKAS operates under a Memorandum of Understanding with Government through the Secretary of State for Business, Energy and Industrial Strategy (BEIS).

It is a function of UKAS to ensure that bodies such as SSAIB operate certification schemes in accordance with the relevant international standards for such activities, including the requirements for impartiality.

Therefore, SSAIB is fully aware that the fair and impartial operation of all certification schemes is a fundamental requirement if such schemes are to earn and retain the confidence of certified companies and their clients.

SSAIB is committed at all levels to maintenance of its impartiality and has put in place the necessary policies and procedures to ensure that its certification activities and decisions are both objective and impartial. These policies and procedures are under ongoing review by an independent committee whose primary task is to ensure that impartiality is safeguarded.

SSAIB has also established the means to deal with potential conflicts or threats to its objectivity, should these ever arise.
